Advances in EIP implementation at GEIPP Colombia Policy Tools

Colombia

Specific Objectives

- Close productivity gaps.
- Strengthen productive chains.
- Diversify and sophisticate the domestic and exportable supply.
- Deepen integration with Latin America and the Caribbean, Asia and Africa.

Productive areas

- For the fair energy transition.
- For agro-industrialization and food sovereignty.
- For reindustrialization in the health sector.
- For reindustrialization for defence and life.

**POLÍTICA DE
REINDUSTRIALIZACIÓN**

GEIPP and the Reindustrialization Policy

- **Best management practices – cooperation between companies located in these areas.**
- **Improve productivity and environmental performance indicators.**
- **Increase productivity due to water and electricity savings, decreased emissions, reduction in waste generation.**
- **Community of practice to promote the interaction of interested parties, generate a roadmap to integrate initiatives, promote financial and non-financial incentives and a national information system to monitor industrial parks and free zones.**
- **NTC Technical Standard aimed at establishing guidelines for the Environmental Industrial Parks (EIP).**
